DANGEROUS MINDS

THE SHOW

ONE STAGE. ZERO MARGIN FOR ERROR.

Dangerous Minds is a full-scale theatrical collision of master illusion, psychological mentalism and precision danger. Joel Meyers gets inside the audience's head. Anna Saranina puts the impossible directly in the line of fire. Together, they create a fast, cinematic night where every laugh, gasp and reveal lands harder than the last.

Few touring productions deliver this much under one title: mind reading, original illusion, crossbow precision, fire, suspense, audience participation and two performers with genuine television heat.
